Dear Joan,

The Maidencreek Township Planning Commission met on Wednesday, November 1, 2017. At that meeting they reviewed the variance request for Schlouch, Inc. 132 Excelsior Drive, Blandon. The Commission does not oppose the granting of the variance. They asked that the applicant be asked:

- if the structure will meet the forty-five (45) foot height restriction of the Industrial zoning district;
- how the storm water will be managed from the roof; and
- require the existing screening be maintained.

Sincerely,

Diane Hollenbach
