SealMaster Customer Values & Benefits: Sense vs Cents?
When purchasing from Sealmaster the customer should know and understand the following value added benefits that come along with their purchase.

IN FIELD SUPPORT: To ensure best results and customer satisfaction, we are committed to train your crew the correct technique and process each step of the way. Should "on the job" questions come up with regards to the material, application or training , we are committed to support our customer in a fast, in person & reliable manner. Your Sealmaster representative is about more than sales, they are about customer support & satisfaction. We are there for you.

INVENTORY MANAGEMENT: No need to overstock or buy more than you need. We can deliver on an as needed basis and still honor your volume price. Space is valuable, why have additional product in the way? Keep on hand only what you will need to get you throughyour project. Have material leftover? If it is still in the sealed original package, we will provide full credit on any materials not needed. NO restocking fee and we pick it up.
