Dear Ms. Hollenbach:

Maidencreek Township has entered into an agreement with the Department of Environmental Protection (DEP) for a municipal recycling grant (SAP Document 4100082777). The grant amount is $112,082.00 and the date of encumbrance is February 15, 2019. The grant is scheduled to terminate on February 14, 2021. I have enclosed a fully executed copy of the agreement.

Please notify DEP of your appointed project officer within the time specified in the grant agreement (reference Section B, Paragraph XIII), unless you have already done so. All payments will be made electronically unless you notify us in writing that your preferred method of payment is by check. This notification **must** be included with your first disbursement request submittal.

I have enclosed copies of the invoicing form you will need to request reimbursements as well as instructions for completing the form. If you need help completing the invoicing form, please contact your regional DEP or county recycling coordinator.

If you have any other questions, please contact me.

Sincerely,

Todd A. Pejack
