BUSINESS
Discussion of 2024 Park Comprehensive Planning Grant Application.
A letter was sent on October 5, 2023, stating Maidencreek Township was not selected for the Comprehensive Planning Grant this year. Stephanie Davenport mentioned the fee-in-lieu for the land dedicated for use to the Township from Crossing at Maidencreek and how that could be used for the Pickleball Court Project. Anthony Spero discussed gathering support letters for the grant and the new light pole at Blandon Fire Co. Ballfield. The Park & Recreation Board continued the discussion saying the Planning Commission is not in favor of the fee-in-lieu and was leaning more toward the Land Dedication instead.

Eric Bauman said he spoke with Keith Shuman previously, stating Mr. Shuman was hoping to macadam the section of the Pickleball Court that was damaged in the flood so that in the spring they can do the surface, adding poles and nets to complete the court.

Stephanie Davenport stated that she was not going to renew her term on the Park & Recreation Board for 2024 and would send the Township an official letter. She said her job conflicts with the meetings and will miss everyone.

Anthony Spero spoke about the benches to be donated. Mr. Shuman was unable to attend the meeting to give an update.

ADJOURNMENT
A motion was made by Stephanie Davenport to adjourn, seconded by Aaron Rogers, and approved unanimously.

The meeting was adjourned at 7:27 P.M.

Respectfully Submitted,
