Subject: RE: 2018 Recycling Contract - Maidencreek

Al : Based on the CPI info attached the increase for Maidencreek Township for the 2nd option year (calendar 2018) would be 1.93% which would take their current annual number of $96,996 ($8,083 per month) up to a new 2018 rate effective 1/1/2018 of $98,868 ($8,239 per month). Please forward this information on to Diane Hollenbach and once the Township approves the new rate, let me know and we will get Legal to put the extension documentation together. Any questions, please don't hesitate to reach out to me.

Regards,

Tom
