RE: Regional Information Meeting for Future Land Use Map Process

Dear Municipal Officials:

The Berks County Planning Commission is in the process of completing an update to the Berks County Comprehensive Plan Vision 2030, which was adopted in 2013. The focus of the Update is to identify areas suitable for Economic Development, include the Long Range Transportation Plan recommendations, updated census information along with minor revisions to reflect any changes that have occurred since 2013.

The Pennsylvania Municipalities Planning Code (MPC), Act 247, requires that municipal and county comprehensive plans be generally consistent. The Berks County Comprehensive Plan acts as a guide to growth and conservation and assists the Berks County Planning Commission in evaluating various development proposals and requests for financial assistance by local agencies.

The Berks County Planning Commission encourages representatives from your municipality to attend the meeting in your region in order to have a better understanding of the Future Land Use Plan process. **The Hawk Mountain Region meeting will be on Thursday, February 22nd at the Perry Township Municipal Building at 5:30PM**.

30 days to provide comments

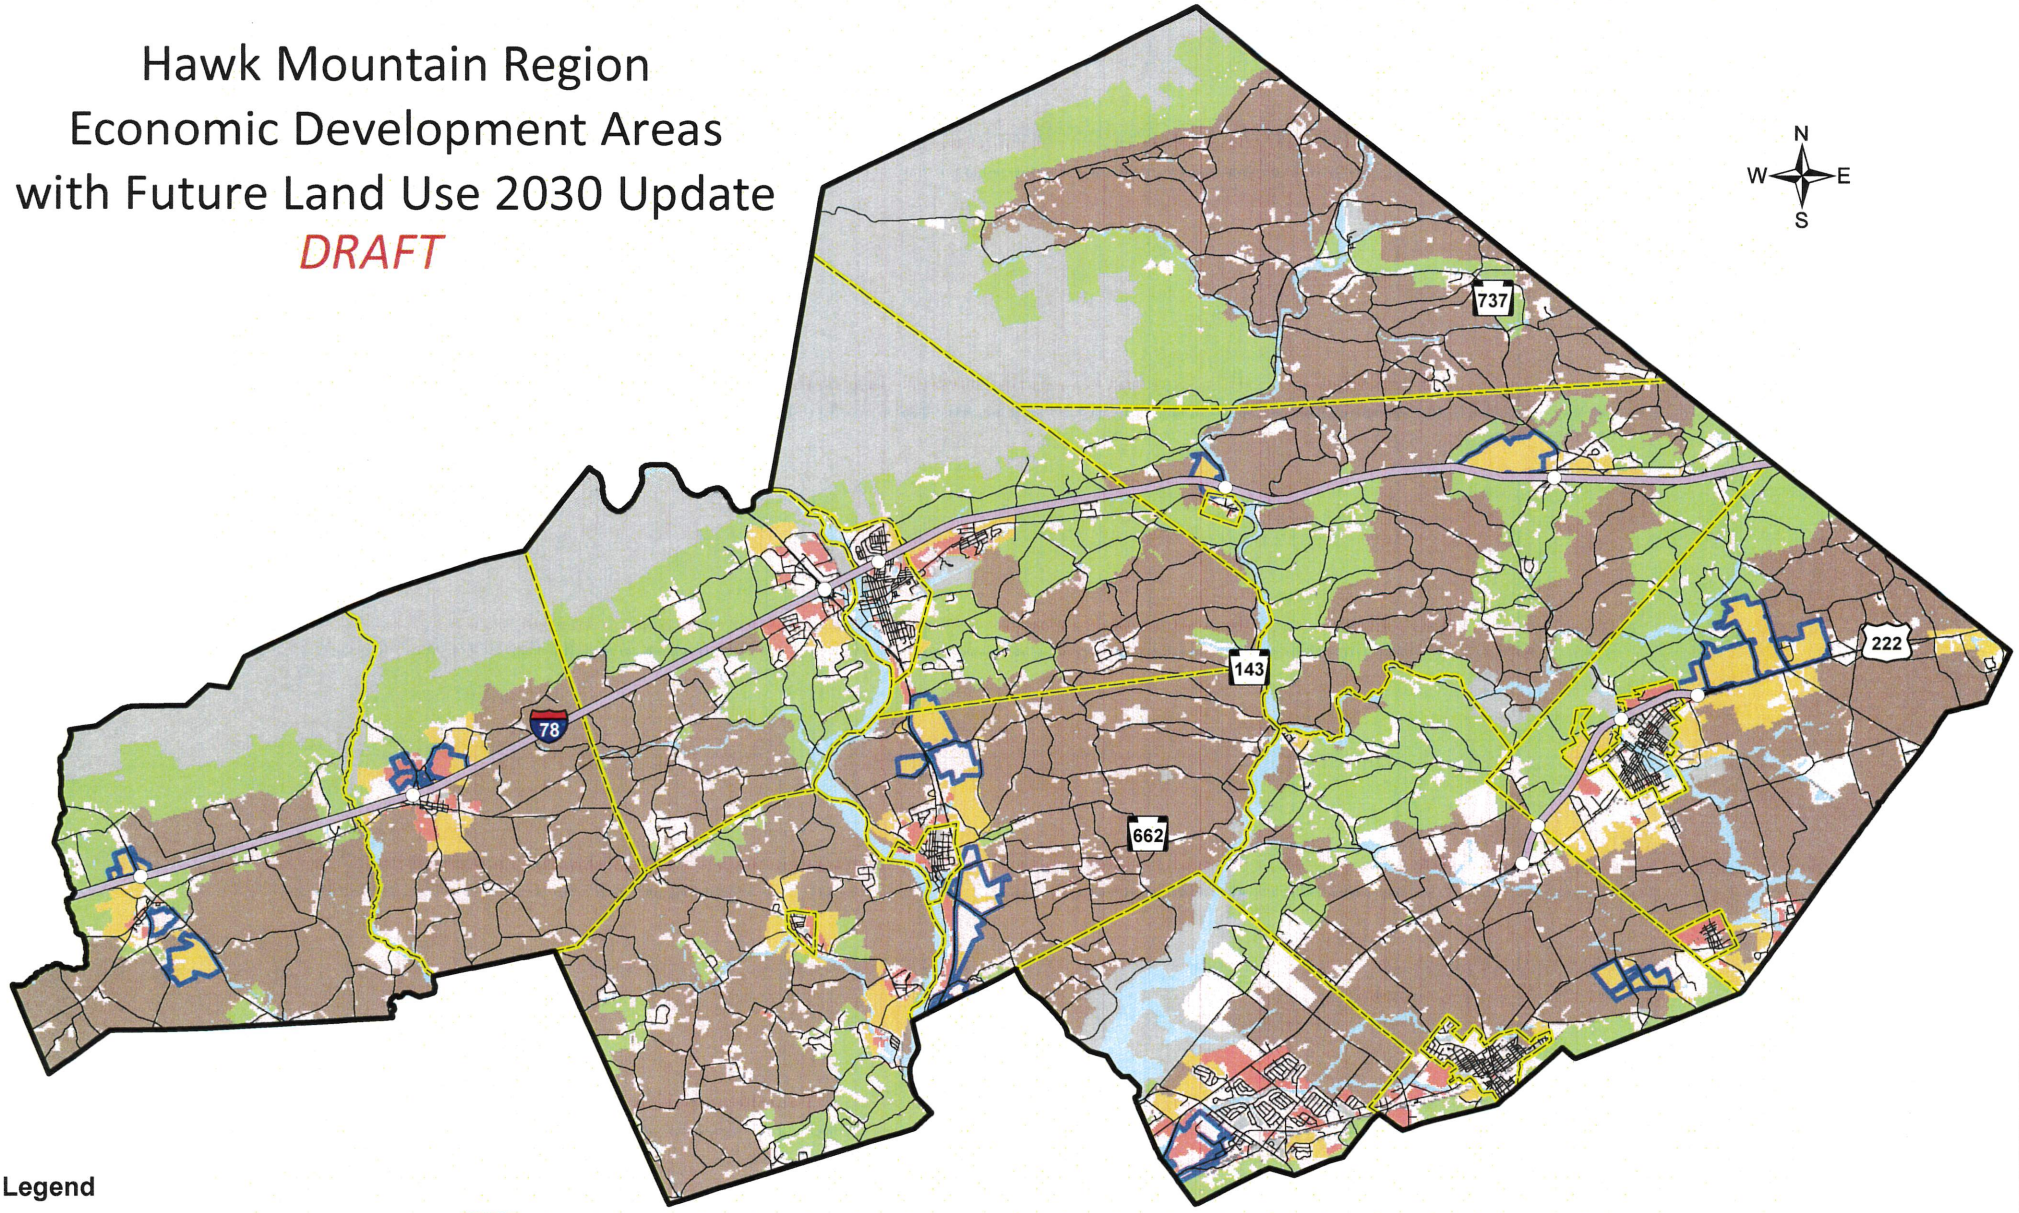

Sincerely,

Shannon L. Rossman
