Hello everyone!

We are excited to announce our Annual Earth Day Park Clean-Up on April 22, 2025, at 4:00 pm! We are looking for volunteers to help clean up trash and debris at our local parks.

What to Expect: We will meet at the Township building at 4:00 pm, then head out to clean up each park, one by one. Last year, we completed the task under 3 hours, and we were aiming for the same success this year!

Join us for a fun, productive afternoon of giving back to the community and helping keep our parks beautiful! The more volunteers, the faster we will get done!

Let's make this Earth Day one to remember!
